

**T'CELL LYMPHOMA STUDY**  
***NEW REQUEST***

Professor Williamson and his assistant Sally Mortlock require further assistance with their study into T'Cell Lymphoma.

*They urgently need bloods taken from dogs that currently have Lymphoma (and any corresponding reports on the diagnosis) and any semen samples (straws or pellets) taken from dogs that have passed away as a result of Lymphoma.*

These bloods / semen samples can be sent via Express Post to the following address;

**Professor Peter Williamson**  
**C/- 552 RMC Gunn Building B19**  
**Faculty of Veterinary Science**  
**The University of Sydney NSW 2006**

Please note that the semen samples do not need to be frozen they can be sent via regular post. These bloods / semen samples are required to help with their genotyping and as a DNA source.

Further information on any items to do with the T'Cell Lymphoma study can be obtained from either

Sally Mortlock [smor5136@uni.sydney.edu.au](mailto:smor5136@uni.sydney.edu.au)

Or

Kim Rogers on [kim.rogers@phm.gov.au](mailto:kim.rogers@phm.gov.au)
